

Dear Prospective Student Film Festival Sponsor:

As part of our commitment to broad Community Outreach through Arts Education, Tracy's Grand Foundation, supporting the Grand Theater Center for the Arts, will be introducing its Student Film Festival on April 8, 2017. This Student Film Festival will be for students from Universities, Community Colleges and Film/Art Schools within California, Arizona, Nevada, and Oregon. In addition, the First Annual Student Film Festival will include a division for film submissions from High School Students.

The purpose of the film festival is to support young filmmakers and provide an attainable venue for them to have their film works live-screened, juried and awarded with monetary scholarships. It is also to broaden the Grand Foundation's commitment to community outreach through arts education.

Already, the Grand Theater Center for the Arts has been heralded up as a unique arts facility incorporating arts education in all aspects of the Fine and Performing Arts. To expand on this legacy, we are seeking those who see the potential for this Student Film Festival to further cultivate not only the high school and university-level digital/film arts students in our region, but to look beyond our immediate scope to further elevate Tracy and the Grand Theater Center for the Arts as a preeminent arts center. In essence, to become a drawing card for further economic development amongst Universities and Corporate Businesses seeking relocation or expansion, ultimately, drawing a higher income demographic, more restaurants and shopping to Tracy and our region.

We invite you to become a founding sponsor for our Student Film Festival. By doing so, you will become a partner with the Grand Foundation and play a huge role in making this premier event happen. Please see the Sponsorship Level Chart for the underwriting levels and the benefits of each level.

Thank you so much for your consideration.

Sincerely,

*Cynthia Souza*
